

ANTIQUE WEDGESTONE

Straight or curved garden walls with an antique look

A sister product to the Classic WedgeStone, these stones have been expertly weathered to give them rounder edges and a more weathered appearance in straight or gracefully-curving garden walls or planters.

Incredibly durable, Antique WedgeStone features easy-to-install, wedge-shaped garden blocks that lock firmly in place, ensuring stability over time. If you're going for an antique look in your garden wall that will last a lifetime, this is the product for you.

Antique WedgeStone is available in four harmonious colours: Natural Charcoal, Chamois Charcoal, Mocha Charcoal and Red Charcoal. Special coping units, without the locking system knobs, are used for the top course of the garden wall.
