

## BEACH STONE

### **A patio block that replicates the shapes of ocean-washed stones**

Bring the natural beauty of the beach to your backyard with our Beach Stone patterned Patio Stones from Shaw Brick. One of the newer additions to our Patio Stone Collection, this Beach Stone replicates the rounded shapes of ocean-washed stones found along our Atlantic coastline.

### **An attractive Patio Stone that's smooth underfoot**

Beach Stone patio blocks are available in one 16x16" size and three nature-inspired colours: Natural Charcoal, Mocha Charcoal and Natural Chamois. No doubt, one of these colours will look great in your outdoor patio or living area.

Patio blocks have the advantage of being faster to install than the smaller-sized Pavers, but be sure that your site is properly prepared for installation.

### **Start your Patio Stone project off on the right footing**

Whether you are installing the patio slabs yourself or using a qualified contractor, we recommend you visit your local [Shaw Retail Centre](#) or one of our [independent dealers](#) for helpful hints and project assistance.
