

CASTLE EDGER

Paver edging that looks like textured granite

Give your paving stone project a natural looking edge with the Castle Edger.

With their old-style, rounded-edge, tumbled-stone texture, these graceful paver edging stones can soften hard corners and transitional borders. Castle Edgers are available in four of our most popular colour ranges, to coordinate with many of our interlocking pavers: Natural Charcoal, Chamois Charcoal, Mocha Charcoal and Natural Chamois.

Helps contain mulch and keep pavers clean

Installing a new paving stone driveway or walkway is always a great addition to your home. Paving edging prevents soil and mulch from spilling over to your patio or walkway and that means less yard maintenance over time.

Drop into a [Shaw Retail Centre](#) or one of our [independent dealers](#) to learn more about making your project be the best it can be.

This product may not be available at all locations, please check with your local Shaw Brick.
