

FORMAL STEPS

Stone steps with a rough face and smooth-cut top and bottom

Formal Steps from Shaw Brick are natural stone steps with a rough stone textured face and smooth-cut tops and bottoms. These cut surfaces provide a clean, precise look and the predetermined sizes make this natural stone product simple to install.

Whether the landscape calls for a delicate winding staircase or a few natural stone steps to connect the levels of a patio, these stone steps will provide a functional and aesthetic answer.

Use these stone steps to gracefully transition down a hill or terraced landscape. Or, maybe combine them with Square Cut Flagstone for a contemporary look. Or, you could even coordinate them with one of our high-quality pavers.

These natural stone steps are available in 4', 5', 6' and 8' lengths and 3 stone types or colour variations.
