

PIETRA EDGER

Paver edging with a crisp, clean tapered look

Installing a new paving stone driveway or walkway is always a great addition to your home. Give your project a distinctive edge with the Pietra Edger.

With its gently tapered smooth sides and rough top texture, the Pietra Edger really takes your paving stone project to the next level. These graceful paver edging stones can soften hard corners and transitional borders.

Pairs well with our interlocking pavers

Pietra paver edging is available in: Natural Charcoal, Chamois Charcoal and Mocha Charcoal and pairs well with many of our interlocking paver lines.

Paving edging prevents soil and mulch from spilling over to your patio or walkway and that means less yard maintenance over time.

Drop into a [Shaw Retail Centre](#) or one of our [independent dealers](#) to learn more about making your project be the best it can be.

This product may not be available at all locations, please check with your local Shaw Brick.
