

ROCKFACE

A rugged Clay Brick inspired by the character of natural rock

With the pronounced profile and texture of individually-chiselled stone, the Rockface Collection of Clay Brick from Shaw Brick offers a distinctive, stately appearance appealing to sophisticated tastes.

With soft colouring and rugged, yet refined contours, the Rockface Collection imparts a tone of pure elegance. Each surface is unique to itself, creating a wonderful natural feel with notable light/shadow interplay.

The Rockface Clay Brick Collection is available in: Red Range, Magnum Brown Range, Charcoal Range, Buff Range, Grey Range, Brown Range and Atlantic Blend.

Brick it, and forget it

Brick is virtually maintenance-free. While homes covered in other materials can fade, crack, and warp through the years, brick does not. It stands the test of time no matter how strong the wind or severe the weather.
