Organically-shaped paving stones for a natural look

WeatheredSlate Pavers are one-piece stones with artificial joints pressed into a slate-textured surface. Even though this product is laid in a linear pattern, the finished look resembles natural random flagstone - an artistic look and feel you will never tire of.

These elegant concrete paver combinations can be used for patios, random walkways, and driveway settings. The assortment of three different organic shapes are available in three colours: Natural Charcoal, Mocha Charcoal and Autumn Blend.
